Should You Call the IRS?

The IRS issues most refunds in less than 21 days, although some require additional time. You should only call if it has been:

- 21 days or more since you e-filed
- 6 weeks or more since you mailed your return, or when
- "Where's My Refund" tells you to contact the IRS

You can use the [IRS Tax Withholding Estimator](#) to help make sure your withholding is right for 2020.

When Will I Get My Refund?

Interactive Tax Assistant (ITA)

The ITA tool is a tax law resource that takes you through a series of questions and provides you with responses to tax law questions on a limited number of topics. Enter "ITA" into the Search feature on the IRS website.

- Simply answer the questions and select **Continue** to progress to the next question screen.
- You may need to collect information before the interview such as income amounts, taxes owed and credits you are claiming.
- The tool includes a crossover feature that allows you to move from certain tax topics to another without needing to enter the same answers multiple times. The Review/Start Over buttons allows you to adjust responses to previously asked questions.
- When you reach the response screen, you have the option to print the entire interview and the final response.
